Glades Story Told In May Edition of Florida Cattleman

Magazine Pays Tribute Growing Cattle Industry

Statewide attention is focused on the Glades this month with the publication of the May issue of the "Florida Cattleman" magazine dedicated to the section.

The cattle and allied industries are covered from livestock breeding to grass experimentation in the special issue containing 25 pages of 13 articles and approximately 25 pictures of the area.

Saluting the young industry, the editors say, "We believe that one of the pastures of progress in the best cattle industry is going to be the Glades—that portion of Palm Beach and Hendry counties lying east and south of Lake Okechobee."

Commenting on local cattlemen's getting started, an article on the new Glades Cattle Market states, "Glades cattlemen wanted a market so bad, they went out and found people to build one." The market is outlined from beginning to the scheduled May 12 opening.

The article, "Water Control Is Secret of Glades Prosperity," points out existing and future patterns of control. It reveals the part to be played here by the \$20,000,000 Central and Southern Florida Flood Control project.

Work of the Everglades Experiment Station is told in articles on carib grass by Roy A. Blair, agronomist, photographer in cattle by R. W. Kidder, D. W. Beardsley, and J. C. Ewing, and crossbreeding beef cattle.

A pictorial story combines with the written material in paying tribute to Glades industries.

Glee Club Attends State Competition

Belle Glade High School Glee Club will participate in the state competition at the Municipal auditorium in Tampa this afternoon, according to Miss Alma Murphy, music instructor.

The local chorus will sing in competition at 5:24 this afternoon. Glee clubs will be judged on concert performance, sight reading and solo competition.

Judges are Alvin A. Beecher of the University of Florida, State University and Harvey L. Woodruff of Rollins College.

Chaperoning the group are: Mrs. Joe Cherry, Mrs. E. D. Humphries, Mrs. Sylvia Williams, James Baldwin and Miss Murphy.

Funds for the trip were obtained from the school opera, the Palm Beach Junior College concert and tag day sponsored by students' parents.

Vote Tuesday—
Mr. and Mrs. Barker Lawrence

Mr. and Mrs. Fred Barber, West Palm Beach, who have been visiting Mr. and Mrs. Lloyd Agey and Mr. and Mrs. Johnny Robinson, left Wednesday for Virginia Beach.

Vote Tuesday—
Mr. and Mrs. Barker Lawrence

Winners in the first division of the women's golf tournament are playing off, according to pro Dave Hunter.

The following winners are scheduled to compete: Mrs. Bill Weeks with Mrs. R. Y. Creech, Jr.; Mrs. Lillian Jones with Mrs. E. M. VanLandingham; Mrs. C. VanLandingham with Mrs. H. C. VanLandingham; Mrs. C. J. Avey with Mrs. J. Avey; Mrs. J. Avey with Mrs. J. Avey.

Losers in the first round will be: Mrs. Lillian Jones, chairman of Sunday golf support, retirement, as business; Mrs. C. VanLandingham; Mrs. Victor Mullberg and Mrs. Gerold McKee.

High School Students Conduct Fourth Annual Local Rotary Club

Two girls and two boys from the Belle Glade High School conducted the fourth annual Rotary Club presentation.

The audience was invited to ask questions after a formal presentation of the general duties and prerogatives of the Rotary Club by the members of the panel.

Compliments on the 48th and rearing of these high school students were high among the audience.

Those participating were Beverly Greer, Marlette Campbell, Bill Bailey and Rosa Wane. Miss Eugenia Martin, teacher, presented the students.

Pepper Outlines Glades Projects

Outlining his action and aid on behalf of the Glades, Senator Claude Pepper enumerated the projects in the area.

FLORIDA PRESS ASSOCIATION

TOWARD BEAUTY

A frontier village has disappeared. A modern community has arisen. Civic development is a continuing process, and Belle Glade citizens still have much to do in making their town the city beautiful.

Once typical of a haphazard growth of wooden structures, Belle Glade has developed into a community of residential areas, schools and churches.

Frontier towns arise to serve immediate necessities of the people while they pursue the wealth of the land. These villages fulfill essentials of existence and nothing more.

Cities have wider purposes. They furnish beauty of surroundings for making family living, working and recreation fuller and more pleasant. They bring a pride to those who call it home.

To those who maintain beauty is a luxury, we say it is as necessary for the practical working community as for the wealthy resort. The poets say, "beauty has its own excuse for being," and that "a thing of beauty is a joy forever."

Let's review local beautification programs and projects under development. These programs have progressed rapidly since last November.

Paradise Park, one of the city's chief scenic assets, is a complete community recreation center. Here even small children can participate in wholesome supervised play from 9 to 12 every morning.

Trees and flowers now landscape the once barren lots. Playground equipment, tennis courts, shuffle board courts, basketball and picnic facilities are open to use by all. A pavilion offers shelter from the elements. Visitors often remark on its peaceful beauty.

Thanks for the program is due the city commission and Mrs. C. W. McDonald, park and playground supervisor, and a fore-runner of extended park development.

But the park is only one of the projects. There is the landscaped parkway on the chosen road below the bridge named for Dr. William J. Buck. The grassy flowery strip with benches and picnic tables borders the highway. Future plans are to extend the parkway down to the footbridge opposite the high school.

Those entering Belle Glade on the Palm Beach Road first see the Letter Triangle. Multiple colored blossoms grow where once underbrush and rubbish stood.

Another triangle marks the entrance to Paradise Park which is named in memory of Mrs. C. E. Reidel, one of the organizers and oldest presidents of the Garden Club. Mrs. Reidel held the vision of a more beautiful Belle Glade and used her vacant lots for growing plants and shrubs to be used in city beautification.

Garden Club members and individuals from time to time have donated plants, flowers and seeds for the furtherance of planting in these parks.

As the city carries on a program of beautification and street and curb construction, the call goes out to the citizens to have cleanup programs of their own.

The price of beauty for our city is cooperation. Several weeks ago the city started a clean up program and urged everyone to clear their yards and lots.

The city offered to haul away trash, and the fire department to stomp guard while lots were burned off.

So far response to the program has been disappointing, says Mrs. McDonald. Get busy citizens, do your share for a more beautiful Belle Glade.

Paulette Blank.

Cinematic Chatter

By Malcolm Miller

Three stars do some magnificent acting in "Adam's Rib," which comes to the Hugo Theatre, Sunday-Monday. Those three stars are Spencer Tracy, Katherine Hepburn and Judy Holliday.

Tracy vs. Hepburn are man and wife in this play, they battle each other in court during the day. She believes women should have the same rights as men and sets out to prove this point.

Help pick the winners. Vote during the ninety minutes of

this delightful comedy you will find yourself laughing heartily at the many crazy situations that arise between these successful lawyers in the course of a days work.

Other members of the cast are Tom Ewell, David Wayne, Joan Hagan, Hope Emerson, Clarence Kolb, Polly Moran and Will Wright. All quit themselves in fine roles.

I know you will be delighted with this streamlined comedy, "Adam's Rib."

See you at the movies—Mal.

Vote Tuesday

Help pick the winners. Vote on May 2.

From where I sit... by Joe Marsh

His Punch Is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country sells for a different reason for his punch," he told me. "Some even have a 'fellow's' reference. Some take some. The hole it makes looks like a bear gilet."

How much? There he went on to say that the punch is just on the conductor's signature. Make it easy to trace tickets... he checked up if something happens.

Joe Marsh

Jr. Red Cross

Under the capable leadership of their advisor, Miss Kathleen Rogers, the Junior Red Cross Council of Belle Glade High School is selling candy, potato chips, gum and what-have-you during the lunch hour. The object of all this hard work is to make money for the chest which the Red Cross makes each year.

Already the council has earned enough money for the chest, but they are continuing their worthwhile project and a new money is going into a fund in preparation for the chest next year.

Band Prepares For Contest

Band members can be seen and heard early in the morning on Memorial Field as they diligently drill in preparation for the state contest in Miami on May 4, 5, and 6. The local band received the honor of attending the state contest when they rated first division in concert, sight reading, drill and inspection at district contest at Lake Worth on March 31.

Annals Arrive

The beautiful blue and gold "Rambler" has arrived and been distributed among the students of dear old Belle Glade High. The privileged seniors met in the cafeteria during seventh period Tuesday to receive their annuals, and to pass them around for their fellow-classmates to sign. Results of the placement tests taken by the seniors a few weeks ago were:

The Belle Glade Herald

revealed to the individuals during the meeting.

Annals were placed to the general student body Wednesday.

Everyone is pleased with the year book put out by the class of 1958. The cover is of gold alligator high-lighted with blue on the letters and the seal. A picture of the high school decorates the end sheets. Books, the theme of the annual, is effectively illustrated by placing the pictures of the annual staff in a book case, using decorated books for division sheets, and the names of the various organizations, action shots of sports, and advertisements make it a good annual.

Assembly

In observation of Pan American Day, the newly organized Spanish Club of Belle Glade High School with the assistance of several students and teachers presented a light skit in assembly Friday under the capable direction of Mrs. Ruth Langworthy. The skit featured the many adventures of four American friends in Cuba.

Shirley McCreaven portrayed

the American living in Cuba and kept her busy trying to keep Jackie Royal, her scatterbrained American friend, away from the handsome Cubans.

Her efforts proved to be all in vain when Billy Mathis discovered a loop-hole in the chaptering and succeeded to flirt with Jackie.

Patsy Rogers, Esther Friedman, and Carolyn Earwood were the theme of the annual, presenting the same citizens of the good old United States.

The spot-light was centered

on the American living in Cuba and kept her busy trying to keep Jackie Royal, her scatterbrained American friend, away from the handsome Cubans.

Friday, May 5th

Palm Beach County Cattlemen's Association Meeting
at the New Glades Livestock Market 5 P.M.

Friday, May 12th

OFFICIAL OPENING AND FIRST SALE BEGINNING AT
1 P.M.

Glades Livestock Market Association

Mr. Farmer . . .

The present congressman has failed the farmer seriously in allowing the excise tax on beans, tomatoes, cucumbers and peppers to be lower in our growing season than it is in the growing season of northern states. Thus Mexico and Cuba, with 60 cents a day labor, take advantage of this inadequate tax and flood our markets, causing our produce to hang on the vines.

As your congressman, I promise to bring about a correction of this lack of protection.

Clarence C. Stauffer

Candidate For U. S. Congress

source of energy" is needed especially by anyone who is fatigued or listless.

Just the contrary may be true, nutritionists of the U. S. Department of Agriculture explain. The so-called "high energy foods" are the starches, sugars, and fats, because they are the chief sources of fuel or calories for the activity of the body. But, if used in excess, these foods are stored as fat, thus may make a person feel energetic. Too many of these foods in the diet may cut down on other nutrients, such as vitamins or protein, which the body needs for nutritional well-being and normal vim and vigor.

The term "fuel food" may be preferable to the more widely used "energy food" to prevent this common misunderstanding. How much fuel food the body needs depends on its size and activities. A man doing heavy physical work or active in sports needs more than a man of the same size and build who sits at a desk all day and spends his evenings reading. If body weight stays about right, it is a sign that the body is getting enough fuel food for its needs. Overweight indicates a surplus of such foods. An active fast-growing teenager may need more fuel foods than his less active father, but care should be taken as to his choice of calories. Too many sweets, for example, or sweets between or before meals, may interfere with his appetite for substantial meals which provide varied nutrients for growth, health and vitality.

—Vote Tuesday—
Carter Says Railroad Commissioners Will Save

Further savings of millions of dollars in freight rates for Florida shippers are in prospect if the present railroad commission is allowed to continue its fight, according to Jerry W. Carter, one of the two members seeking re-election. "Railroad officials have testified under oath before the Interstate Commerce Commission that the Florida Railroad and Public Utilities Commission has prevented them from collecting \$2,000,000 a year in freight charges," said Commissioner Carter in concluding his campaign speaking tour.

"This commission now is engaged in resisting efforts of the ICC to force higher rail freight rates on us. We expect to fight to the supreme court of the United States, if necessary, to prevent what we consider as discrimination against Florida shippers."

Jerry, as he is known throughout Florida, pointed with considerable pride to the recently successful Southern Governor's rate case, which he started and defended for more than 10 years before it was ended to the satisfaction of Florida shippers. He said the commission expects to continue its present program of expanding all transportation and communications—telephone and telegraph—into rural and suburban areas, with the cooperation of the utilities concerned.

—Be Sure To Vote Tuesday—
INLAND NAVIGATION
DISTRICT ASSESSES
NO TAXES ON GLADES

When you vote Tuesday there will be an opportunity to vote for a Commissioner of the Inland Navigation District which controls the inside waterway along the east coast of Florida.

D. H. Konkling has been commissioner of the Florida Inland Navigation District for Palm Beach County since the foundation of the District in 1927.

The Commission purchased the East Coast Canal extending from Jacksonville to Miami, al-

so rights-of-way and spoil areas and turned it over to the Government who deepened it to a depth of 8 feet and a width of 100 feet. The Commission never collected on the payment of interest on the bond issue, and finally in 1948 retired its bonds so that the District is tax free. At no time has the levy been more than one-tenth of one mill, but for the last two years, 1948 and 1950 no tax has been levied, made possible through careful planning and economical administration.

The Commissioner of Palm Beach County is one of 11 commissioners representing 11 counties of the District.

The Commission has been working for an appropriation for a 12 foot depth, which has been approved by the Chief of Engineers and authorized by Congress, but has withheld pressure because of the immediate need of flood control in the Everglades.

—Vote Tuesday—
This is your government. Select the officials to run it by voting on May 2.

Buzzards Are Hogs About
Young Pigs, Says Rancher

Buzzards are going whole hog over young pigs around here, a small local rancher reports. Dick Johnson says that Mexican eagles (just buzzards to me) have been harming and in some cases destroying his young pigs.

Losing a litter from his ranch in back of Lake Harbor some time ago, he blamed the wildcats.

Recently he found a second litter with part of their ears and tails missing. After completely enclosing the pigs in a chicken wire pen, he noticed the buzzards hovered close for three days.

Joe Friedheim also reports the death of a baby calf probably caused by buzzards. Mounting evidence is leading ranchers to suspect the mammoth birds rather than wildcats as the culprits.

Vote your opinion on May 2. Gripping afterward is a waste of time.

RETURN WILBUR KING

To The
Florida Railroad
and Public
Utilities Commission
He is working to improve

- Railroad Service
- Telephone Service
- Bus Service
- Telegraph Service
- Trucking Service

PUT KING BACK
He has HONESTY AND EFFICIENCY regulated these services for you.

Everglades Vocational High

The Eighth Grade Class was in charge of chapel Monday. The devotional service was conducted by Mary Thompson. Herman Kline recited "My Creed" by Theodore Roosevelt. A trumpet solo, "Stardust" was played by Clarence Brown. The "Bobo Brothers" sang "Dry Bones" and "Brother Bill." Mr. King, sponsor of the Eighth Grade Class, lectured briefly on the subject, "What is Wrong With Our World." Evelyn Davis, accompanied by Adramna McKennie on the piano, sang "Lucky Old Sun." A trumpet solo, "Daddy Boy," was played by William Pytton. The "Bobo Brothers" climaxed the program with "Music, Music, Music," followed by another selection.

Polks to Know

Cabin Dry Cleaners

Cabin Dry Cleaners, owned since 1934 by Mr. Paul Davidson, renders a high type of dry cleaning service. Cabin Dry Cleaning means clothes that are cleaner. Even dull colors sparkle like new and the better press lasts longer. You can keep your garments looking new longer by entrusting them to Cabin Dry Cleaners, where thrift is practiced, both in preservation of apparel and economy in costs.

Cabin Dry Cleaners use the Western system, giving individual attention to all garments. They have all the latest equipment for complete dry cleaning, and half manikin dress forms assure women of their dresses being returned in the original size after being cleaned. Men's pants stretchers and suit forms assure no shrinkage or mis-shaping of dry cleaned clothes.

given by the Reverend G. E. Toston. A welcome was extended by Eugene Lincoln. Ernest O'Hall, William Flakes, and Clarence Brown told of their various home projects. Mary Ole Williams, a member of the chapter from West Palm Beach, told the history of the NHA. Dorothy Christy led the group singing. Ernie Jagger recited "Myself" and Gemma Wells sang "Rose in the Bud." Expressions of thanks were given to the parents and visitors who were glad to have Mrs. Mollie Robinson, the mother of Jackie Robinson, join us in our program.

All NHA members wore corsages of red roses, their chapter flower. Roses were pinned on the mothers. A. F. King, Mrs. Willie Mae White, Horace Newman, Druella Rhine, Dorothy Christy, and Mrs. R. C. Saylor, and Willie Lory for their services rendered in helping the NHA chapter achieve its aims. The closing ceremony was conducted by the NFA. We wish to thank Mr. Holliday, Mrs. Childs, the faculty members, and the many other people who worked to make the banquet a grand success.

Vote Tuesday

New Bethel Baptist Church

Mrs. G. M. Douglas, Reporter
Rev. W. Porter, Pastor

The New Bethel Sunday School met at the usual house with our Supt., Deacon Sandy Smith, and a large number of teachers present. Our Supt., with his co-workers are making good progress with real zeal and enthusiasm. Already we can see evidence of the special training she is beginning with our intermediates in the field of art and related subjects. Under her supervision all of the poster work and stage settings for our recitation service were prepared. In this department, special mention should be made.

The school must say that this supt. has gone out and put one yet in this school than anyone yet. We pray he will continue keeping going higher and higher.

A short talk was made to the children by Mrs. Lillie Miller. Lesson was reviewed by our pastor, Rev. W. Porter, one who always brings us a fine message. The 11:30 devotionals was conducted by Dec. Oscar Ward. The spirit began in our school and ran high throughout the day. Then the pastor came and read for our consideration, 108 Psalm 1:12. His text was found in the 7th Gen. 1st verse. Word: And the Lord said unto Noah, Come thou and all thy house into the Ark.

The school's trouble on the outside. We wish that the entire community had been there to see this wonderful sermon, because we Christians can witness these troubles on the outside even if we don't make it in God's kingdom. That is why we try to live for God and persuade sinners to come to him. We all have more spirit of going on since this wonderful sermon.

At 7:30 we were again at the house of worship. A spiritual prayer service was conducted, after which the pastor presented Mrs. A. C. Wright, manager of the Central Jublairs, of 511 Washington St. in Orlando. Mrs. Wright came forward and presented her group. Those boys really sang out of the depth of their hearts, and we were made to feel good. Also, the Christian Bearers singers from Pahokee, were with us. Everybody enjoyed the selection coming from that group. "I Must See Jesus For Myself." These singers will be with us again on Sunday night. Come then. Offering was \$130.25.

Monday night at eight o'clock, the Women's Home Mission met at the New Bethel Baptist Church, with Pres. Carrie Johnson presiding. Our scripture was found in Matthew, 11:28. Then our Bible teacher, Mrs. A. O'Neal, came forward and taught a wonderful lesson. She always does. The subject was "Burdens And What To Do With Them." All leaders are invited to any of our church services.

The pastor and all officers will be leaving Thursday for Fort Pierce to attend the Congress No. Two, Auxiliary of the Glades Valley Everglades Association, at new Mount Zion Baptist Church, Douglas Court, Fort Pierce, Florida. Rev. R. D. Robinson, pastor. Our theme for this session is, "Waiting the Yoke." We are expecting the entire New Bethel to be at Fort Myers Sunday. We still solicit your attendance.

Vote Tuesday

Pahokee Elementary School

By Stanleigh Maxwell

Down The Home-Stretch. Room tests for the six-week period just ending were given last week. We are now heading into the home stretch for this school year. Those students whose averages are not quite up to par are urged to buckle down in earnest in order that they might not be left behind while the more industrious members of their classes press forward with promptness to higher grade levels. We have much work to do yet in order to raise our standards of scholarship to the required level.

News From Grade 4. Our new fourth grade teacher, Mrs. Dorothy Christian, has entered into the program of our classroom activities and general school progress with real zeal and enthusiasm. Already we can see evidence of the special training she is beginning with our intermediates in the field of art and related subjects. Under her supervision all of the poster work and stage settings for our recitation service were prepared. In this department, special mention should be made.

concerning the work of Tony McKinley, 5th grade student, whose artistic talents show real promise.

Revue A Real Success. The Barrymore Players' minstrel revue is over. But it will be a long time before it is forgotten by any of the students or many patrons who saw it. Everyone agrees that it was one of the very best entertainments ever presented by our school.

The performances on last Monday and Tuesday nights were smooth and swift-paced and provided much genuine laughter and enjoyment for those who were present. As a matter of fact, the show was so good that many of the persons who saw it on Monday night were there again Tuesday. On Thursday night, the entire company moved to Belle Glade where the revue was presented by the Victory Art Club at the West End Theatre. Again, a large and appreciative audience greeted us. There was not space here to mention all of the members of the large cast, but special mention must be made of the splendid manner in which James Howard, as Master of Ceremonies kept the show moving. In the comedy department, all of the boys in blackface were excellent. If any one of them was outstanding, it was Dave Slydell probably due to his exceptionally small size. Sammy Clarke, Arthur Lee Harper, Edward Gray and Slydell were equally good and kept the audience in stitches with their witty paces and well timed comedy antics. The Follies Sextette deserves a word of praise also for their close harmony effects. The sextette

was composed of Eddie Hodges, Edward Gray, Dave Jones, Willie Albert Jackson, Sammy Clarke and Cornice Reid. Melvins' Dumbstruck and Geraldine Bling did some fine solo work, and the chorus furnished good support throughout the show.

BASEBALL NEWS

By John L. Murphy

The Belle Glade, Florida Red Wings almost spread their wings when they crossed bats with Orlando's All-Stars Sunday, April 23rd. Game was played at Belle Glade Project Park. Some 650 to 700 fans were overwhelmed when the scores were nothing to nothing, going into the sixth inning. After that, the Red Wings picked up three runs to knockout the All-Stars, 3-0.

Leonard, pitching for the Red Wings was complaining with his right side and arm Sunday. He wanted to stop pitching because of it, yet he worked the whole nine innings that way, giving up only two hits, no runs, three base on balls and striking out six batters. Richardson, who pitched for the Orlando All-Stars, gave up six hits, no errors and struck out eleven, but the winners' three runs were also accredited to him.

Woodson was the star hitter for the Red Wings in Sunday's game; the scores were made between Ridley, Curson and Leonard.

On Sunday, April 30th, it's Tampa at Project Park. The baseball fans of Belle Glade were really rejoiced over last Sunday's game.

New Apartments Mark Modern Trend

First big step toward a more modern and attractive colored town is being taken with the construction of a unit of modernistic apartments located next to the Belle Glade Bottling Works on Avenue A. The buff colored fire and hurricane proof structure is the first modern apartment building to be built here.

The compact four room apartments each include a living room, kitchen, bedroom and bathroom. They are wired for electric appliances of all kinds. Designed in a U shape and centered with a landscaped court, the apartments will be completed the latter part of next week, according to owners, R. Y. Crech, Sr., and Billy

Weeks. Applications for apartments will be taken at the Glades, Appliance Corporation. Steady jobs are desired.

Two sets of color combinations—Irish green with swiss rose and Holland yellow with Egyptian blue—are carried out in the interiors.

Kitchens, built for efficiency, have spacious drainboards, generous shelf space, and an electric hot water heater. Rents are in line with existing rates in accordance with space and conveniences furnished. If a sufficient demand for this type of apartments is evidenced, more will be built in the future, according to the owners.

In commenting on the apartments, the state architect stated that the apartments offered one of the nicest designs and plans in the future, according to the state architect.

MINIMUM WAGE LAW
A BILL TO INCREASE THE MINIMUM WAGE FROM 40 TO 75 CENTS AN HOUR. See Page 11511, Aug. 10, 1948.

SOCIAL SECURITY
A BILL TO EXPAND AND EXTEND SOCIAL SECURITY BENEFITS. See Page 14241, Oct. 5, 1948.

HEALTH IMPROVEMENT
INTRODUCED BILL TO AID DESERVING STUDENTS TO GET MEDICAL AND DENTAL EDUCATIONS. See Page 546, Jan. 24, 1949. SUPPORTED LEGISLATION TO ASSIST IN BETTERING THE HEALTH OF OUR NATION.

BECAUSE HE FIGHTS FOR YOUR LIBERTIES AND FREEDOM—
SOCIALIZED MEDICINE FEPC COMMUNISM APPEASMENT

For Florida... For America — SMATHERS ADVOCATES A CONSTRUCTIVE PROGRAM:

I want peace, and as an overseas veteran, familiar with death, tragedy and heartache war, will work for a lasting peace.
I favor a strong foreign policy which will protect our country from the threat of Communism.
I favor a strong national defense which will protect the small dirt farmer who is the backbone of our economy.
I have voted for and will continue to support soil conservation, reforestation, extension of rural electrification, modernization of farm houses, better farming opportunities and better credit facilities and rural telephone.
I favor simplification of the farmer's income tax return, as well as a simpler return for regular taxpayers.
I favor modification of present freight rate structure.
I co-sponsored Flood control legislation and will continue vigorous support of the \$2 million dollar Flood Control Program for Florida.
I favor a sound budget and fiscal policy on part of the Federal Government so as to eliminate present inflationary policy of deficit spending.
I believe in labor unions and collective bargaining and a high minimum wage which provides purchasing power.
I am opposed to monopoly of any kind, of capital government or labor and will oppose any attempt to establish monopoly. I voted for the Taft-Hartley Law and favor the retention of the basic principles of that law.
I favor the American Legion and the V. F. W. organizations on the grounds of betterment of Veterans' Hospitals.
I am in favor of better homes, enlarged schools and improved health facilities.
I am in favor of the Social Security program as an aid to provide the highest possible security for the aged.
I am for a more widespread health-improvement program and have strongly supported legislation to assist in bettering the health of our nation.

Alligator Comm Lists Five Recommendations

A committee appointed to study Florida's alligator problem has come up with a five-point recommendation.
O. E. Frye, committee chairman and chief wildlife biologist for the State Game and Fresh Water Fish Commission, said the committee offered the following recommendations:
(1) An eight-foot size limit on

alligators; (2) A four-month, state-wide open season Oct. 1 to Feb. 1; (3) The closing of areas especially adapted to alligator production; (4) The licensing of all alligator hunters; (5) An increased educational program concerning alligator.

At a meeting last winter the Game Commission ordered year-around alligator protection throughout the state. The rule became effective March 1. Shortly after

the first of the year, the Commission names the eight-point committee and requested recommendations for the future preservation of alligators in Florida.

Frye said the committee's formal suggestions will be presented to the Commission at an early date.

During the committee meeting it was estimated that approximately 25,000 hides were sold to wholesalers during 1948-49 at an average price of \$15.00 a skin—representing a \$350,000 turnover. In addition, Frye estimated the hides are made into leather products that likely account for another two-million dollar annual income in Florida.

Members of the committee represent the Game Commission, sportsmen, hide dealers, and alligator experts. They include: Bill Piper, Bonita Springs, and Ross Allen, Silver Springs, two recognized alligator authorities; Fred Jones, Lakeland Newspaperman, and E. Markham Gault, president of the Florida Wildlife Federation, St. Augustine, hide dealer; John P. DeQuine, chief fisheries biologist, and Frye, representing the Game Commission.

**Four Rescued, One Drowned
In Car Accident Tuesday Night**
Vernon Henderson saved the lives of four negroes out of five who were passengers in a car which left the highway and plunged into the roadside canal on State Road 50 a mile east of Lake Harbor about 7:40 Tuesday evening.

Mr. Henderson was in a car following the one occupied by the negroes, all of whom were from the United States Sugar Plantation at Lake Harbor, and witnessed the accident. He stopped and plunged into the canal swimming to the submerged car and brought four to the shore. He asked if there were anyone and on being assured that there were not, decided from further efforts at rescue. 45 minutes later the survivors decided there was a fifth man in the car at the time of the accident. Henderson again went into the canal and brought out the body of the fifth negro, Peon Burke.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern. The union claims that a second fireman is needed on grounds of safety in sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1945, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good
Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."
PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:
"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."
"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."
"Remember! There are not as many as you think there are of the many smaller conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders."

EASTERN SOUTHEASTERN WESTERN RAILROADS
We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Closely Drawn Issues
Mark U. S. Rep. Race
Clarence C. Stauffer, Democratic Candidate for the United States Congress from the 6th Congressional District says:
"The issues of the Congressional race are clearly drawn. The incumbent announced at the time he filed for reelection that he was going to run on his record. The first time we appeared on the same platform together I challenged him to show that record. I stated in his presence that he did not have a record that justified the spending of \$100,000 to keep him and his office in Washington nearly six years."

"I have his record in the 81st Congress. He has introduced thirteen bills and only one of these bills has passed either house. This bill that has passed the lower house is for the denaturation of a Canadian built vessel, the North Wind, owned by a citizen of the United States. This bill is a classic example of the importance and significance of the legislation introduced by the present Congressman from this district."

"The other bills introduced by the incumbent deal with terms of court, black marketing of transportation tickets, jurisdiction for adjusting claims, filing of copies of invoices on shipment of cigarettes, limited benefits to veterans of World War I, taxing of certain real property by state and city governments, extending time for disposition of farm labor camps, exempting motion picture tickets from tax, exempting baby oils and baby powder from tax, granting up to \$50,000 a year to certain class airports without submitting a request to Congress, fixing the personnel strength of the Marine Corps, donations of certain surplus property for public health purposes."

"This week the papers state that the cold war with Russia will reach its peak sometime in the next ten days. How will any of these bills assist with the international problem that is so serious that we may be pitched into a new shooting war at any time?"

"How will any of these bills assist with the much needed effort to bring about economy in government? How will they help eliminate waste, reduce the overhead of operating our government that has grown in the last 18 years from 4 one-half billion dollars to forty five billion dollars a year operational cost?"

"Is there any bill introduced by the incumbent that is vital to the welfare of our nation, that is vital to the best interests of our Congressional District, or that is important to your own well being?"

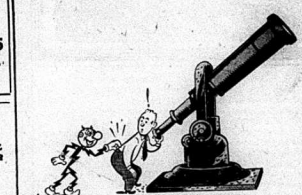

"About the only one that will even faintly effect me is the exemption of baby oil and baby powder. We have a seven months old son."

"It is time for a change in the leadership representing the Congressional District. It is time to have a vigorous, active representative in Congress who is concerned about and has an understanding of the problems and needs of the people of our district and the needs of our nation. We should have a representative that will take the initiative through the legislation he introduces to help solve these serious problems that confront us."

New Method Serves in Clearing Truck Land

Vegetable growers of Hendry County are saving about \$20 per acre on clearing costs by using a new method, says H. L. Johnson, county agent. The method, followed by the Jessup Web Plot to cut palmettos loose and finally piling is accomplished by using a rake attachment on a bar. Mr. Johnson says savings are effected due to the reduction of hand labor.

Sugar Co. Plans Celebration Harvest End Festival April 28

In celebration of one of the most successful seasons in recent years, the United States Sugar Corporation plans to stage a Harvest End Festival which will be open to the public and held in the Civic Center Park at Clewiston, Saturday.

A King and Queen of Sugar will be crowned in a colorful ceremony and they will be selected by popular vote.

In earlier days the Harvest End Festival was an employee affair with barbeque and dances held to celebrate the event, but this year under an expanded program the public is invited to participate and scheduled events for the festive occasion should bring folks from all sections of the state.

It is planned to rope off Sugarland Highway for street dancing and the State Road Department has been contacted for permission to temporarily close the highway for the occasion. The Clewiston City Commission has provided use of the 7th and will provide adequate lighting facilities for the evening events.

Ballooning began this week for the selection of the king and queen.

The usual harvest end barbeque will be held the same day as the coronation and dance, with the company's eastern division holding its party at Bryant, the western division at the sugarhouse in Clewiston.

Commenting on the season's production, executive vice-president H. T. Vaughn said it was impossible to give comparative figures with other years until the actual close of the season.

but he described the 1949-50 season as one of the best the corporation has experienced as far as tonnage of sugar ground and the amount of sugar produced. Hurricane damage last fall took their toll of cane and had it not been for these misfortunes, the current season would have set an all-time record.

Patrolmen Are Busy On Highway Accidents

Highway Patrolman Cpl. B. W. Brinson had a busy week end around the rim of Okeechobee. He reported five highway accidents involving vehicles and 17 persons with only one person severely injured but with property damage to cars, estimated at \$2900.00. The series of accidents started at 12:30 Saturday when Jimmy Armstrong, 39 year old negro of Belle Glade and passenger Charles Kelley ran off a dirt road into the St. Lucie Canal doing some \$800 damage to the car but with only slight injuries and abrasions to the two men.

The second accident about 6:20 in the morning Saturday State Road 80 between South Bay and Belle Glade. Robert James Kolb of Miami driving a 1949 Chevrolet crashed into the rear end of a 1937 Ford driven by James Jenkins, negro, doing about \$400 damage to the negro car. W. McQuillan, a passenger in the Kolb car was treated for lacerations of body at the Belle Glade Hospital and released. Kolb was arrested, placed under a \$300 bond for reckless driving.

At 4:30 P.M. Saturday the patrolman was called to investigate an accident on U. S. Highway 27 in which Norman Grumbach, age 37 of Miami, driving a 1949 GMC Truck and trailer ran into the rear end of a car driven by Oscar Franklin Thomas, age 70 of Belle Glade, doing approximately \$800 damage to the Thomas car. Mrs. Nelle Thomas and Mrs. Otho Garrett, passengers in the car were treated at the Belle Glade Hospital for bruises and shocks. Grumbach was arrested, charged with reckless driving and

causing an accident, and placed under a \$300 bond. Millard Philmore Stone, age 24, had the misfortune to run off the highway at the second curve beyond Bean City and hit a pine tree head on. He suffered a badly fractured right leg and severe facial lacerations. Clifford Edward Brannon, a passenger, was not injured. The injured man was rushed to the Belle Glade Memorial Hospital and remained a patient there. His car was damaged to the extent of \$400. The accident happened Saturday night.

The fifth and last accident occurred at 5:30 Sunday morning about three and one-half miles west of South Bay. Clifford Walla, age 25, colored, missed the curve ran into a ditch and turned over. Neither he nor his six passengers were injured. His 1941 Pontiac was damaged to the extent of \$500.

-Be Sure To Vote Tuesday- Non-Drivers Make Poor Pedestrians Say Statisticians

Pedestrians who have never driven an automobile received a special warning this morning from the Florida Highway Patrol.

The Patrol pointed to statistics which show that nine out of ten adult pedestrians who are killed in traffic are non-drivers. The reasons for this extremely high ratio of casualties among non-driving pedestrians is that they do not recognize the problems of the man behind the wheel.

Non-drivers fail to realize that it takes time to stop, even at moderate car speed and that the driver has many things to watch. He may miss seeing the pedestrian.

Pedestrians who cannot drive are inclined to misjudge the speed at which automobiles travel. For example, a vehicle going 30 miles an hour is traveling 10 times as fast as the average person walks.

To overcome traffic hazards to themselves, the State Patrol prescribed to non-driving pedestrians a policy of extra precaution in crossing streets.

The Florida Highway Patrol also urged drivers to always be aware that the vehicle they drive has the power to kill and to give pedestrians the consideration which can save their lives.

-Be Sure To Vote Tuesday- Fla. Hoover Report Meeting Postponed To After Primary

Hon. Perry E. Murray, Florida State Chairman of Florida Committee for the Hoover Report, today announced postponement of the meeting of statewide membership which had been called for April 25th, St. Petersburg. The reason being that the Committee is non-partisan and non-political and wishes to avoid any possibility of the introduction of personal or political issues.

The objectives of the Hoover Committee are to bring about "better government at a better price" to the taxpayers. The Report is the most important proposal for efficiency and economy in the Executive Branch of our National Government ever made, and is truly bi-partisan.

-Be Sure To Vote Tuesday- Fla. Magazine View To Have Full Sports Section

VIEW—the magazine of Florida Living—is going all out to give the sports-minded Floridian something to read when it hits the newsstands early next month.

J. Pendleton Gaines, editor, stated that Florida is one of the top sports States in the Country, and one of the best sports sections of any regional magazine will appear in Florida's only family publication.

The editor announced the appointment of Bill Boyd, sports editor, as Sports Editor, and Fred Jones, Lakeland, as outdoors editor. These two well-known Florida sports writers will supervise the pages of this section.

Boyd, a member of the Florida State Sportswriters Association, was former sports editor of the Sarasota Herald-Tribune, and Sports correspondent for the Tampa Tribune. He has also done work for the newspaper wire services.

Editor Boyd points out that this section will be devoted to all Florida sports, including high school sports, colleges, outdoors, hunting, fishing, and all the other sports from one end of the State to the other.

Fred Jones, who is vice-president of Florida's Outdoor Writers, is one of the top contributors to state and national outdoors magazine, being known

as the "Flying" outdoor writer. Jones specializes in all types of outdoors writing and has written many articles on Florida's hunting and fishing sports.

The leading sports article in this issue will feature Florida's "Hares Racing."

-Be Sure To Vote Tuesday- Races are High and the World is in a Mess. Vote in May for the Candidates you think are the best.

If you registered to vote, you took the first step toward being a good citizen. Complete the job by voting on May 2.

Insurance must be modern, too!

Suppose you went to an automobile showroom, asked to see the new models and the salesman ushered you over to a bright and shiny contraption, glittering with brass, acetylene lights and informed you that it actually had four cylinders. Would you be interested?

Insurance policies, like the automobile they protect, have kept pace of the times. Back of the same old established company names, modernized protection has come forward to meet modern hazards, not only covering automobiles but in every requirement of property and personal need.

When you get in touch with us for any kind of insurance protection you may be sure that it will be as up-to-date as tomorrow's newspaper.

Before You Vote Ask Yourself These Questions:

How was I doing before Roosevelt?
How am I doing TODAY?

This seasonal election has a lot of issues - but none more important than the ones that concern you as an individual.

ISNT IT TRUE - that today you, your family, and your friends are sharing more of the good things of life than ever before?

ISNT IT TRUE - that today people's earnings and wages - even dividends - are at an all-time high?

ISNT IT TRUE - that things like Social Security, Minimum Wage, and Farm Support have increased everyone's income and security?

and... ISNT IT TRUE - that most of these measures were created by one Republican (Mr. Roosevelt) and one Democrat (Mr. Truman)?

Before you vote ask yourself - How am I doing Today? These votes to return to office a man who has done so much for the prosperity of all Americans... CLAUDE PEPPER.

For Florida's Future - For Texas, One Voice.

CLAUDE PEPPER
U.S. SENATOR

covered dish luncheon was served at noon. A tour of Norton Art Gallery was an afternoon treat.

Mr. and Mrs. F. D. Bouda, son Jackie and mother Mrs. Maude Fraser, who have been spending a few months in the Fisher Trailer Camp, left the last of the week for their home at Terre Haute, Ind.

Mr. and Mrs. J. L. Willis and family have moved from Ocala Road to the W. S. Kraus rural home west of town.

Mrs. W. M. Jeffries spent last week in Lake Park with her father J. W. Austin who is ill. Tommy and Judy Westers joined her for the week end.

The South Bay Lions Club is sponsoring the Cancer Drive by the Boy Scouts in South Bay and has invited the scouts to the Lions dinner Thursday evening at the school cafeteria.

Mrs. Mamie Stepper of Miami is the house guest of Mr. and Mrs. Julius Herring at Hooker's Point this week.

Mrs. Thelma Logan of West Palm Beach is spending the week with her sister Mrs. M. E. Cooper, Sr.

Mr. and Mrs. W. C. Allen, C. Allen, Mrs. Alfred Vadas, Mrs. Herbert Dan, Mrs. Mary Peters, Mrs. Mary McLendon and Mrs. Sam Gregory of South Bay and Belle Glade attended the American Legion and the American Legion Auxiliary Convention at Fort Lauderdale one or more days last week.

Mrs. A. B. Barnes, Mr. and Mrs. Leland G. Keene and daughter Patty were the Sunday dinner guests of Mr. and Mrs. Marvin Miller at Moore Haven in celebration of Mrs. Barnes' birthday. Mrs. Signe Burney, Mrs. Marie Burney, Richard and Johnny of Lake Worth joined the party in the afternoon.

Mrs. Idelle Finley submitted to her second major operation at the Belle Glade Memorial Hospital recently. She has had a number of blood transfusions and is now reported on the road to recovery.

Billy and Sue Miller of Moore Haven were the week end guests of their grandparents Mr. and Mrs. A. B. Barnes.

Mrs. E. E. Forbes and Mrs. W. H. Rawie of Charleston, S. C. left Tuesday after a ten day visit for Jacksonville. Mrs. J. W. Mutchler, a daughter of Jackie accompanied them and will remain in Jacksonville for a few weeks as guests of her mother and sister-in-law, Mr. and Mrs. J. K. "Jack" Forbes.

Be Sure To Vote Tuesday - Highway Accident

Highway Patrolman R. B. Gray investigated a highway accident on the Clewiston-Moore Haven Highway reported by a driver in a 1958 Cadillac at 6:10 a.m. Thursday morning.

Ralph Bennett Rider of Miami, driving a 1958 Cadillac Sedan north at a speed of 70 miles an hour on the wrong side of the highway collided with a car occupied by three Plant City negroes enroute to the American Legion Convention at Fort Lauderdale.

Ryder was admitted to the Belle Glade Memorial Hospital suffering from concussion and laceration of the head and chin. Jerome Davis and Allan Douglas Shepard, two of the colored men, were also admitted to the hospital for observation in injuries sustained in the accident.

Patrolman Gray reports a plenty of fog at the time of the accident. He estimated the loss to the Cadillac at \$1000 and the Pontiac driven by the negroes at a total loss.

The ambulance of Fugate Funeral Home at Clewiston brought the injured to Belle Glade Hospital.

Be Sure To Vote Tuesday - Get Your Menus

Bobby Carson was sentenced to 4 months in jail last week having been judged guilty of theft of a suit of clothes and two pair of trousers from the C. B. Higginbotham home here several weeks ago.

Mrs. Higginbotham visiting a neighbor observed the theft from the darkened window where she sat enabling her to look into the lighted rooms of the home. She notified Chief of Police R. C. White who apprehended the man and turned him over to Deputy Sheriff. Gibb.

John Henry Jones, negro, was sentenced to county jail last week to 6 months in jail on the charge of stabbing his wife in the arm in a family altercation in the South Bay negro quarters. She was also sentenced to 6 months in jail on the charge of stabbing a negro woman in Belle Glade the next night.

A. O. Greynolds Company Gets South Bay Contract

The South Bay Town Council accepted the bid and let the contract Wednesday night to A. O. Greynolds Company, Inc. general contractors of West Palm Beach for sweeping, applying, three-tonnage gallons per square yard of semi-solid asphalt and furnishing and applying a special sand for cover material to approximately one mile of South Bay streets at \$1.3 per square yard.

Three streets are being improved at this time. These have been brought up to grade, railroad, wet down and let set for the top coat. They are Bobs Ave., Lake Ave., in the white residential area and Joe Lewis Ave. in the colored sub-division.

The entire street improvement program is being financed by receipts from the closed, vacate tax returns.

An adequate system of street lighting for both residential and business sections is also being installed over the townships by the Florida Power & Light Company. When completed the town will be lighted by 60 lamps. The street lighting is being financed by monies received from the franchise held by the Florida Power & Light Company, Inc. South Bay.

A fiscal statement of monies collected and expenditures for the first six months of the current fiscal year is now posted at the Town Hall. Anyone interested may examine the statement at any time.

Be Sure To Vote Tuesday - Quarterly Conference Held At West Palm Beach

Mrs. H. B. Walker reports on the Quarterly Conference of the Church of Latter Day Saints held in West Palm Beach Sunday. President Albert Chalk of Atlanta, Ga. presiding and James A. Martell, president of the South Florida District, conducting.

Three sessions at 10 a.m., 1:15 and 2:30 o'clock were conducted with a total of 100 persons served during the noon hour.

The key note of the meetings was "Preparation, Planning and Family Unity." This was featured in the talks at the morning session, the leadership meeting in the afternoon, and at the final conference session.

Speakers during the day included Kenneth Willardson, South Florida District Superintendent of Missionaries, Mr. Albert Chalk, Relief Society, Elder Curtis Glade, recently released as a missionary, Elders Hansen, Leo Parker, Cleve and Kent, Sisters Mary Nelson and Robinson.

Special musical numbers during the program were a solo, "The Lord's Prayer" by Sister Edna Slay and Elder Jim Caplan. The Lord is My Shepherd, solo by Elder Cleve, Song of Prayer, and a male quartet, "Hear Ye Ye Hear Ye," sung by Elders Cleve, Hansen, Leo Parker and Corina.

Douglas Anderson, son of Mr. and Mrs. Frank Anderson formerly of South Bay now living in Jacksonville, was in the group present. He is now filling a mission and stationed at St. Louis.

One interesting point brought out by one of the speakers, she said, was that relief of his wife, Catherine Indians from South Carolina headed a delegation of Indians to the Census at Salt Lake City where they were taken through the Temple and Chief Blue sang for President Albert Smith an Indian Song and ended with a war whoop.

Those attending from Belle Glade were Mrs. H. B. Walker, Marsha, Byron and Rodney Walker, Jackie Sumner, Patricia Garner, Mickey Herring of South Bay, Mr. and Mrs. Justin Herring, Sidney Bennett and Miss Kathryn Sanders of Clewiston, Mrs. Elizabeth Roberts, Jack and J. F. Willett, Howard and Elsie Roberts and Donna Willis. Elder Curtis Glade and Beulah President Harvey Wigles of Belle Glade.

Be Sure To Vote Tuesday - Marriage Announced

Mr. and Mrs. Russell G. Fisher announce the marriage of their daughter Miss Barbara Jean Fisher and William Roland Glade of Clewiston at the home of the bride's grandparents on Saturday, April 16.

The bride is a native of South Bay, graduated from High School in Des Moines, Iowa and attended a school of Business Culture at Mason City, Iowa for one year while making her home with her mother, now Mrs. Tom Hess of Des Moines and Cross Lake, Minn. She recently has been making her home with her parents at South Bay.
